Period 7b: rwmycri

Course Description:

In this course we will cover topics that include the relationships between points, lines, and planes; circles; triangles; transformations; logical thinking and proof-writing; measurement, including area and volume; congruency; similarity; two and three dimensional geometric figures; the use of protractors and compasses, parallel and perpendicular lines; and the coordinate plane.

Grading

Assessments	50%
Assignments	40%
Progress Assessments	10%

*1 day late: -25%

*2 days late: -50%

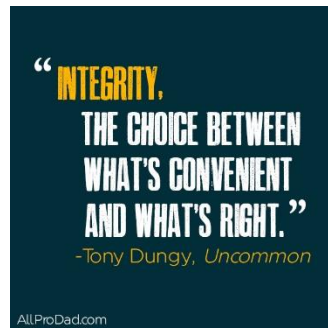

*No late assignments after 2 days

Math Assignments

It is your responsibility to check our google classroom daily to get the assignments and join live instructional time. Assignments will be due at 10am. Students must show all work - no work means no credit. Starting September 24th (Tuesdays, Wednesdays, and Thursdays) we will be available for pop in tutoring/remediation/enrichment during the hours of 7:40am-9:15am. Mathematics always builds upon itself and if you have not mastered the current operations, you will continue to fall behind. Reach out to us if you need to schedule a time for additional help/questions. Feedback will be given within 24 hours except weekends.

Academic Integrity

Abide by the GEHRHSD Academic Integrity Policy at all times. If you are unsure if you are allowed to work with others on an assignment - ask your teacher!

Google Classroom/Google Meets

**All assignments will be posted in CLASSWORK

**I will create a new topic for the week, under the topic will be the assignments/expectations for each day of that week

**Google Meets will be required for learning activities, peer discussion, and small breakouts. Attendance will also be taken.

**Your camera needs to be TURNED ON during the google meet

**Your microphone should be MUTED

**If expectations cannot be followed you will be removed from the meeting

VIRTUAL MEETING EXPECTATIONS
