GPA DISTRIBUTION

Cedar Creek High School uses a numerical grading scale which ranges from 50 to 100 for the reporting of trimesters and final grades. Numerical grades may be converted to letter grade and/or a 4.0 scale using the chart provided. A student's Unweighted GPA will range from 50-100. Prior to the 2015-2016 school year, an honors course received 5 points and an AP course received 10 points for the weighted average. Beginning with the 2015-2016 school year, A weighted GPA is calculated by adding 10 percent to the final grade of an Honors course and 20 percent to the final grade of an AP course. The weighted GPA is used to determine class rank.
